* List the number of credits for each course taken in each semester.

** Credits listed are the minimum number of credits for each course required for graduation from ROA and for College Bound graduates. Before planning, order catalogs from a couple of colleges you think your student would be interested in attending. Find out what their requirements are for entrance and gear your courses toward them. They will most likely require more than the minimum listed above.

*** Parent/Life Skills is an elective that ROA requires for sixth through ninth graders.
